sense and simplicity

Highlights

Seeing well is essential

Being able to see well is essential for good results at the mirror, which is why each lamp features a high-quality light source for confident grooming. The bathroom lighting range uses the latest energy-saving technology for good quality light that provides plenty of illumination without being harsh.

Many applications

There's a wide choice of wall and ceiling lights. The collection offers large ceiling lights that light your whole bathroom in a comfortable and pleasant way. In addition, there are wall lights that provide clear, bright light without shadow for precision tasks at the mirror, such as shaving, applying make-up and putting in contact lenses.

Fill your bathroom with light

InStyle bathroom lamps enhance any bathroom decor with their stylish and solid construction. Hard-wearing premium materials like brushed steel, aluminium and glass are complemented by careful attention to the smallest details, such as smooth, rounded edges and machined surfaces with no protruding parts. There's a range of contemporary designs and elegant decorative touches with a clean and simple style.

IP 44

Designed for the bathroom environment, implemented into wall lights and ceiling lights.

Extremely long life lamps

The range offers a variety of compact fluorescent energy-saving lamps for general ambient bathroom lighting. Once an InStyle bathroom lamp is installed you won't have to worry about replacements or repairs, and you'll save energy and money too.

Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Specifications
